Hanover Township, Lehigh County

Dear Sirs:

We have reviewed the results of your facility operations inspection performed by certified inspector Robert Seidel on July 25, 2000. Based on the observations of this inspector and the information provided by you, each of the facility systems inspected were either found to be in compliance as of the date of the inspection or had been brought into compliance prior to submission of your inspection report.

You and your operator should feel proud of the present operational state of your facility. Please continue to diligently monitor your leak detection system and to maintain up-to-date facility records.

If you have any questions, please contact me at 570-826-5475.

Sincerely,

Eric Supey  
Water Quality Specialist Supervisor
